

**Netball America is the driving force behind Netball being included in core education curricula in the United States. This includes universities, schools, after-school programs and summer camps. As a result, we can bring to your next conference an exciting and new program to your teachers and students.**

### **Ready Set Net®**

The American Netball development curriculum that provides specific learning paths, skills and drills for students, with the aim of increasing participation.

### **Net Together®**

The Net Together Program is the curriculum for teachers to participate in Netball through a structured program, while establishing links between Schools and Associations.

### **Be An Inspiration**

Be An Inspiration is Netball America's unique youth program that uses sport as a platform to empower youth for peace and strong futures, while increasing participation in sports, reducing childhood obesity, breaking down barriers to reduce discrimination and increasing social-emotional well-being.

### **Go Girl Go!**

Netball America has introduced across the USA the Women's Sports Foundation award winning curriculum and sports education program which works to improve the health of sedentary girls and keeps girls involved in physical activity.
