## **About Netball**

Netball is played by 20 million people in over 70 countries and was the original women's basketball, however the biggest differences today are no backboard, no dribbling, no contact and 3 seconds to make a pass. Netball is a grass-roots sport in the USA, so there is a great opportunity to make a difference and assist in growing a new sport to the USA. Watch this [2 minute intro to Netball](#).
