My Netball Academy Overview

[Netball America®](#) is bringing to you [My Netball Academy](#), consisting of mentoring, training, testing and an [interactive training and curriculum app](#) to increase knowledge, skills and provide opportunities for coaches, umpires and athletes. It allows coaches and umpires to get certified through our structured Stripes to Stars Pathway, while athletes compete in world class events. The only USA Netball curricula is designed for introducing Netball as a club sport, after-school program or in a PE class (aligns with National PE Standards).

Event Summary

This in-person event is bringing world class presenters right to your doorstep here in the USA. We've structured the weekend to include interactive workshops, training, testing, mentoring and game play. The sessions cater to athletes, umpires, PE teachers and coaches from beginners to advanced and you will have opportunities to break into groups and select workshop topics you're interested in. Even if your sport is basketball, volleyball or soccer, there will be workshops you can learn from. Here's a sample of what you and your team will experience:

- Getting current on new skills, drills and warm-up techniques international athletes and coaches are using.
- Showing up on competition day physically and mentally prepared and decision making under pressure.
- Coaches and umpires, whether brand new or experienced will receive mentoring and assessments and will start on their certification journey.
- Goal shooting, midcourt and defensive strategies, and how to adjust against different types of players.
- Teams coming in will get to play Netball games and depending on teams a mini round robin event.
- Building a victorious team culture, dealing with losses and adjusting for different game lengths.
- AI analysis assessments on your fitness and agility skills and compete against others for prizes.

Where and When

Dates and Times: Saturday August 23rd, starting at 11.30am and finishing Sunday August 24th at 11.30am (the American Netball Team® will continue training until 2pm).
